Standard lengths

TANDEM series runners are based on the American standard 3" cabinet depth system, therefore, the runner lengths come in 3" increments. TANDEM plus runners are available for drawers from 9" – 30" in length.

DYNALOG 2.6

The newest version of DYNALOG planning software offers ordering and planning support for the latest in Blum hardware.

DYNALOG makes cabinet planning effortless. Enter all of the various attributes that are unique to your cabinet construction and DYNALOG gives you a component list, boring locations and dimensions for all drawer and door parts.

For every drawer the right solution

Blum offers endless possibilities to inspire manufacturers and cabinet makers alike. Using TANDEM plus BLUMOTION concealed runners will allow the customer to appreciate the beauty of wood drawers and the quality of motion they have come to expect from Blum products.

TANDEM plus BLUMOTION offers smooth running action, quiet closing and dependability for the lifetime of the cabinet.

Made in the USA

TANDEM plus BLUMOTION concealed runners are made in the US at our Stanley, NC facility. This is just one example of Blum's commitment to manufacturing products in the US, for the US.

- Wide range of drawer lengths from 9" – 30" in 3" increments
- Works with drawer material 1/2" – 3/4" thick
- Same runner can be used for face frame, panel, inset, and overlay applications
- Meet or exceed ANSI/BHMA A156.9 grade 1 requirements
- Available in 75 lb and 110 lb dynamic load capacities
- Tool-free height and rear tilt adjustment
- Wide variety of locking devices, rear mounting brackets and sockets
- Various assembly aids available to make installation simple and easy
- Same cabinet mounting height and drawer box construction as SOLO

Adjustable and versatile

- Tool-free drawer height adjustment with locking device
- Tool-free tilt adjustment with rear hook
- Special locking devices are available for narrow drawers, inset drawers, SERVO-DRIVE and interior roll-outs
- Blum locking devices compensate for drawer length tolerance

Face frame attachment options

- Adjustable inset attachment solutions
- Complete rear attachment program with screw-on and plug-in solutions
- Standard solutions are non-handed
- Lateral self-alignment feature

Touch to open features

- SERVO-DRIVE for TANDEM plus BLUMOTION
- TIP-ON for TANDEM plus without BLUMOTION

Adjustable organization

- ORGA-LINE adjustable organization system
- Utensil, cutlery and deep drawer organization
- High quality stainless steel trays are simple to maintain and dishwasher safe
- Organized items are close at hand when needed
